Clausenser, of New York, for Chairman. The nomination was ratified, Maj. Sebach was chosen Secretary.

On motion of J. J. Friedman, a series LIVERY & FEED of resolutions was adopted, which, afterreciting the merits of John T. Hoffman, demand, as a matter of right, his nomination, as being the only man who could command the entire German vote of the UNDERSIGNED, HAVING PURCHASED State, irrespective of party. Carried unanimously.

On motion of Mr Magnus Gross it was resolved to hand the resolutions to the New York delegation for presentation to the Convention, and that the entire Convention march in a body to their rooms in the Delavan.

The procession moved through Hudson and State streets and Broadway to the Delavan House, attracting general attention on the way.

At the Delavan House, addresses were made by Dr. Clohs, of Newburg; Hon-O. Ottenderfer, A. Oakey, and others. 'Hoffman has been nominated for Governor and nine-tenths of the German votes of the Empire State will vote for Seymour, Blair and Hoffman New York is good for 50,000 majority

RECRUITS.-That many good men, wellwishers of their country, pure patriots, originally joined the Radicsl or Republic an party, because they believed that the party was organized to perpetuate the Union and restore our people to the enjoyment of peace, harmony and the continnance of their rights and liberties, through legal and Constitutional means. no one should doubt. That this party has abandoned its professed original policy and sought to ovorturn 'the' institutions of the country by lawless and revolutionary measures, admits of just as little doubt. And that good men everywhere, seeing these revolutionary at temps, and desparing of any good coming to the Republic through the Republican party, are abandoning its ranks and uniting with the Democracy, in order to promote the well-being and prosperity of the country, is evidenced by the occurrences of every day.

Gen. L. S. Wheat, the present Attor ney-General of West Virginia, made a speech for Seymour, recently, in which he said he should cast his first Demo cratic vote this fall. At the same meeting, R. H. Smith, of Kanawha county, said the Radicals were coming over to the Democrocy in his part of the State by fifties.

ANOTHER CONVERT,-Gen. W. P. Richardson, of Ohio, one of the most gallant soldiers of the war, in a recent speech declared his determination to support Seymour and Blair. Sabsequently to the war he was elected Attorney General of the State by the Radicals.

Gen. F P. Blair fought in more than two score battles; and yet he is denounc ed in numeasured terms by the men who staid at home and sold shoddy cloth, bad coffee and paper-soled shoes to the soldiers. Such is radical lovalty

That Gen. Blair distinguished himself during the rebellion as a devoted friend of the Union cause, and as a gallant commander on the many battle fields, is well known to the people; that he was in more battles than Grant himself, and was found equal to any responsibility imposed upon him, is also well known to the people of the whole country, as is also the fact that but for his prompt action and noble daring, Missouri would have seceded from the Union. PROBABLE HOMICIDE .- From neighbor Peel, says the Reno Crescent, we learn the particulars, as given by the chief actor in the melee, of a probable homicide which occurred at Wilkin's Hotel, at the Summit, Beckwourth Pass, on Wednesday morning last. A SUCCESSFUL INSTRUTION.-The old Phoenix Fire Insurance Company, of Hartford, is one of the most successful and best managed institutions of the age. Their annual cash income amounts to over one and quarter million dellars. Their stock is firmly held at 198 per share of \$100. Dividends are paid regmariye and have averaged 14 per cent. per sinum since the Company was organized, and we are informed that their actual net cash surplus amounts to over one hundred per cent. of its capital stock; or, in other words, that for every one hundred thousand dollars of capital it has over one hundred thousand dollars of surplus! A STRANGE ACT .- As soon as the Grand Jury were discharged on Wednesday last, and a new venire ordered issued, it was charged in open Court by the Attorneys for Francis, and the charge was sustained by the affidavit of certain officers, that the District Attorney of this county, H. ENROLL. - The Glerk of the Election of this precinct, gives notice through the Oroville on Tuesday, October 13th, 1868 "Baby," that the Board of Registration will be in session on Wednesday next, Oct. 5th. Whether the Clerk intends that Republicans alone should be notified by giving his notice to the organ alone for publication, we know not. The Democratic party in National Convention assembled, roposing its trust in the intelligence, patriotism and discriminating justice of the people, stand upon the Constitution as the foundation and limitation of the powers of the Government, and the guarantee of the liberties of the citizen, and recognizing the questions of slavery and se-cession as having been settled for all time to come by the war, or the volunteer action of the Southern States in Constitutional Conventions assembled, and never to be resuscitated, do, with the return of peace demand.

Fifth, One currency for the Government and the people, the laborer and the officeholder, the pensioner and the soldier, the producer and the bond holder.

Sixth, Ecohomy in the administration of the Government, the reduction of the standing army and navy, the abolition of the Freedmen's Bureau, and all political instrumentalities designed to serve negro supremacy: simplification of the system, and discontinuance of inquisitorial modes of assessing and collecting internal revenue; that the burden of taxation be equalized and lessened; the credit of the country, made good; all enactments for the enrolling of the State militia into national forces in time of peace, and a wriff for revenue upon foreign imports; and such equal taxation under the of which were sustained. Whereas for the Florence internal revenue laws as will afford inciden. machine but 'ten' were presented, 'two' of which tal protection to domestic manufactures as will, without impairing the revenue, impose the least burden upon and best promote and encourage the great industrial interests of

the country. Seventh, Reform of abuses in the administration; the expulsion of corrupt men from office; the abrogation of useless offices; the restoration of rightful authority to the independence of the Executive and Judical de-

partments of the Government; the subordination military to civil power, to the end that superior to any of them. In the different barnches the usurpation of Congress and despotism, of our family we have five of these machines which attest our appreciation of its extraordinary merits Eighth, Equal rights and protection for naturalized and native born citizens at home and abroad: the assertion of American nationality which will command the respect of foreign powers, furnish an example and encouragement to the people struggling for national in egrity, constitutional liberty and and individual rights and the maintenance of the rights of naturalized citizens against the absolute doctrine of immutable allegiance and the claim of foreign powers to punish them for afleged crime committed beyond their jurisdiction. In demanding these measures and reforms we arraign the radical party for its disregard of right and the unparty for its disregard of right and the unhave marked its career. After the most solemn and unanimous pledge of both Hou ses of Congress to prosecute the war exclusively for the maintenance of the Govern ment and the preservation of the Union under the Constitution, it has repeatedly viowas rallied that noble volunteer army which storing the Union it has so far as it is in its power, dissolved it, and subjected ten States in time of profound peace to military des potism and negro suffrage. It has nullified !ished the habeas corpus, that most sacred writ als and secret Star Chamber inquisitions

lated that most sacred pledge under which carried our flag to victory. Instead of rethere the right of trial by jury; it has abolof liberty; it has overthrown the freedom of speech and the press; it has substituted arbitrary seizures and arrests, and military trifor constitutional tribunals. It has disregarded in time of peace the right of the people to be free from search and seizures. It has entered the post and telegraph offices and even the private rooms, of individuals, and seized their private papers and letters, without any specification or notice of affidavit, as required by the organic law. It has convert d the American Capitol into a bastile. It has established a system of spies and official espoinage to which no constitutional monarchy of Europe would now dare to resort. It has abolished the right of appeal on important constitutional questions to the supreme and judicial tribunal, and threatens to curtail or destroy its original jurisdiction, which is irrevocably vested by the Constitution, while the learned Chief Justice has been subject to great and atrocious calumnies merely because he would not prostitute his high office to the support of the false and partisan charges preferred against the President, 'Its corruption and extravagance have exceeded anything known in history, and by its frauds and monopolies it has nearly doubled the burden of the debt created during the war. It has stripped the President of his constitutional power of appointment, even of his own Cabinet. Under its repeated assaults the pillars of the Government are rocking on their base, and should it succeed in November next, and inaugurate its President, we will meet as a subjected and conquered people amid the ruins of liberty and the scattered fragments of the Constitution. And we do declare and resolve that ever since the people of the United States threw off all subjection to the British Crown, the privilege and trust of suffrage have belonged to the several States, and have been granted, regulate I and controlled exclusively by the political power of each State respectively, and any attempt by Congress, on any pretext whatever, to deprive any State of this right, or interfere with this exercise, is a flagrant usurpation of power which can find no warrant in the Constitution, and if sanctioned by the people will subvert our form of Government, and can only end in a single centralized, consolidated Government, in which the separate existence of the States will be absorbed, and an unqualified despotism be absorbed, and an unqualified despotism be an actually an allocation of a Federal Union of the States will be an unqualified despotism be an actually and an unqualified despotism be an actually and perfect sich, alike on both sides of the states will be an unqualified despotism be an actually and perfect sich, alike on both sides of the states will be an actually and perfect sich, alike on both sides of the states will be an actually and perfect sich, alike on both sides of the states will be an actually and perfect sich, alike on both sides of the states will be an actually actually and perfect sich, alike on both sides of the states will be an actually a established in place of a Federal Union of beautiful and perfect stich, sike on both sides of co-equal States and that we regard the reconstruction acts of Congress such usurpations, and unconstitutional, revolutionary
